"Physicians, family practitioners and geriatricians, and hospital social workers should be familiar with the book and recommend it to families of the elderly."

— **REVIEWERS CHOICE**, Home Care University

"...an excellent guide on caregiving in the home. Home health professionals will find it to be a useful tool in teaching family caregivers."

— ★★★★★ Doody's Health Sciences Review Journal

"continues to earn its reputation as the 'bible' for providing home care"

— **The Midwest Book Review**

The Comfort of Home[™]: A Complete Guide for Caregivers is the most comprehensive Guide on caring for an aging or disabled family member in the home. Fully illustrated and takes the reader from A to Z—from the decision to provide home care through activities of daily living and to preparing for hospice care and making funeral arrangements. This is the *only* "hands-on" care manual for the family caregiver.

Sections Include — See Presentation Kit below for chapter detail

- ♦ **Getting Ready** - describes how to prepare for the task of caregiving. It shows how to set up a home in a safe and comfortable way. It teaches you how to communicate better with doctors, nurses, aides, pharmacists and insurance companies to get the services you need. Covers how to get in-home help and pay for care.
- ♦ **Day by Day** - takes you through every aspect of daily care. This may be as basic as activities of daily living, such as bathing or helping someone transfer from a chair to a bed, or as daring as traveling abroad with a person whose health is declining.
- ♦ **Additional Resources** - Free and low-cost resources, checklists, medical abbreviations and medical specialists, illustrations, glossary, index.
